Carter Gilligan to be Taken to the Penitentiary.

Large Colored Excursion From Hampton—Officers Still Searching for a Murderer—Theft of Laundry—Armed Cyclists—Death—Wife Beating—Personal.

(Special to Virginian-Pilot.) Suffolk, Va., Aug. 21.—Andrew Carter Gilligan will have only one more day's freedom for many years. I was told to-day by authority that is semi-official that a guard will to-morrow be sent to Petersburg to convey him to the penitentiary.

Gilligan goes for an eighteen years' term. With good behavior he can save about two years' time. He is now 28 years of age, and with two years off he will be liberated when he is 42 years old, and will still have time to make something of himself.

Gilligan's removal to the penitentiary will end one of the most remarkable cases a Virginia court has known for many years. All during the trial there was a serious sensation, which has not been approached in the State's criminal records.

HAMPTON EXCURSIONISTS. There was a big crowd of excursionists in town to-day from Hampton. About 400 or 500 colored folk came over on the steamer Accomac. They made business active during their stay in Suffolk.

One of the excursionists had harsh words with the white man from Isle of Wight county. He was run in by Policemen Turner and Dennis. The white man, who was in a buggy with a friend, swore a few times and left town before the object of his anger was arrested.

The Hampton ball team played a match game with Suffolk at Peanut Park.

The Hampton people brought along a band, which made very good street music on Washington Square.

HARD TO APPREHEND. Deputy Sheriff Norfleet to-day had a telegram saying that John Sears, who is wanted for murder near Tunis, N. C., and for whose arrest there are several rewards, has been seen at Norfolk, Va., and asking that bloodhounds be brought. Captain Norfleet had information that Sears had been seen to pass through Nansemond, and he did not go to Norfolk. Sears is a shrewd fugitive.

BOND TO KEEP PEACE. In Chuckatuck district to-day Bob Nelson, colored, was fined \$12 and costs for fighting. Nelson, who is colored, was accused of having an encounter with Captain Thomas Thompson, well known in Suffolk.

Nelson was also put under a peace bond of \$100 for twelve months. The bond was given.

STEAL CLEAN LAUNDRY. Before light this morning thieves went into the back yard of Mrs. W. H. Pierce and Mrs. Arthur Woolford, who live, respectively, at 111 and 109 Main street, and stole lots of clothes from the lines.

Deputy Sheriff R. E. Norfleet was notified and he brought bloodhounds to the scene. The dogs seemingly struck a trail and followed it to a person's house, when they were called off. A search warrant may be gotten if the complainants desire it.

ARMED BICYCLISTS. A gentleman who drove to Suffolk to-day reports that between Holland and Suffolk he saw three young men on bicycles. He says each of them had buckled around his waist a heavy revolver. They were strangers to my informant, who could not imagine their mission.

DIED IN THE COUNTY. The mother of Dick Skinner, who, with his wife, is in prison at Gatesville, N. C., charged with cow stealing, died last night in Nansemond county.

WILL OPPOSE LIQUOR. Information came to-day that the application of J. E. Hollid to sell whiskey in Holland, the notice of which application has already been given, will be opposed. It is understood that Lawyer S. E. Everett will represent the opposition.

THE WAGES OF WIFE-BEATING. Jake Sudds, charged with fighting, was to-day put in jail by Officer A. T. Matthews. Justice Kilby fined Sudds \$10 and costs for beating his wife, Harriett, and he was sent down 60 days in default.

THREE CONVICTS. Stuart S. Baker, a guard from the State penitentiary, arrived in Suffolk to-day. He will return to Richmond to-morrow, and will take there three convicts from Nansemond county. One of them is Green Hendricks.

PERSONAL. Mr. J. U. Burges has returned from a visit to relatives in Southampton county.

Miss Ethel Vaughan, who had been a guest of Mr. Eugene Hurley's family, left to-day for her home in Portsmouth.

Misses Elsie and Georgie Monell have concluded a visit to relatives in Isle of Wight county.

OLD POINT COMFORT.

A PRETTY ROMANCE CONCLUDED SUNDAY.

Old Point, Va., Aug. 25.—A pretty romance, which began in Switzerland years ago, reached a happy conclusion at Old Point Sunday, when Sergeant Alexander Newman, United States Artillery, now stationed at Fort Monroe, and Miss Ida Sundberg, of Brooklyn, N. Y., were married.

The couple were sweethearts as boy and girl, and as they grew older their love grew stronger, and they plighted their troth. Newman came to this country in search of fortune, entered the army, was promoted by degrees, and recently returned from the Philippines a Sergeant of artillery.

In the meantime, Miss Sundberg's parents came to this country from Switzerland, and settled in Brooklyn, and when the young soldier came back arrangements were made for the wedding. He could not get a furlough, so the young woman came to Old Point to have the ceremony performed.

NEWPORT NEWS.

A CHAMPION SWIMMER—PATTERN MAKER KILLED.

Newport News, Va., Aug. 21.—In the person of John Wern, a rugged swimmer, employed at the shipyard, Newport News, has developed the champion swimmer of this section.

Mr. Wern swam across the James river yesterday morning and back, making the distance of nearly eight miles in two hours and fifteen minutes.

Wern is anxious to swim to Norfolk, a distance of probably ten miles across the flats, but says he wants to do so on a wager. He is confident that he can accomplish the swim without difficulty or injury, and announces his readiness to make the attempt as soon as he can get a wager.

A PROSPEROUS CLUB. At the meeting of the Newport News Democratic Club last night six new members were added to the club's membership. A committee was appointed to purchase the furniture for the new club-rooms, which will be done to-day. The improvements are being made to the rooms will be finished by that time, and the furniture will be installed immediately.

The club will have its first meeting in their new quarters Wednesday night, when arrangements will be made for entertaining visiting delegates to the convention to be held here Thursday.

COLORED LABOR. A movement is on foot in the Central Labor Union to organize the colored labor of this city into a separate and complete body on the same lines on which the present Central Labor Union is built.

This movement was brought about on account of the application of a delegation from the colored union of carpenters to the Central Labor Union for membership.

If the movement is successful, and there seems to be every reason to believe that it will be, the Central Labor Union will have a larger membership than the white body.

PATTERN MAKER KILLED. G. J. Crittenden, a pattern-maker at the shipyard, who came here two weeks ago from Florida, was fatally killed this afternoon in a peculiar manner. He was standing in front of his lathe, when a piece of wood flew off at a tangent with great velocity, striking him in the head and smashing his skull. He died within an hour. His wife reached him before he expired, and a pitiful scene followed.

It is believed that he was trying to get more out of the machine than the tools could handle, when the break occurred. The lathe was an old-fellow, and the local lodes will take charge of the funeral.

ALLEGED DEAD MAN JAILED. John Watson Loomis, that alleged dead man who has caused so much talk and newspaper comment by the many wild stories which he has spread and caused to be spread about himself, has at last landed in a place where he will have a chance to rest his brain.

He was locked up in the station-house last night on a suspicion of lunacy.

HAMPTON.

ACQUITTED—DEATH OF MR. JNO. EICHEL.

Hampton, Va., Aug. 21.—Yesterday morning the case of Abraham Williams, a prominent colored real estate man, charged with assault upon Lena Mack, a laundress from Dixie Hospital, came up in the court-room before Justice W. C. Skinner, and honorably acquitted. The trial was held behind closed doors and only those identified with the case and newspaper representatives were admitted.

The insanity of the woman was made more evident by the fact that she entered the room, held up her hands and said: "All get ready and say the Lord's prayer." She then fell into a chair and commenced to mumble a sort of prayer to herself.

DEATH IN PHOEBUS. Mr. John Eichel, one of the oldest and most highly respected citizens of the Peninsula, died at his home, in Phoebus, Sunday afternoon shortly before 5 o'clock.

For some time Mr. Eichel has been in feeble health, but his many friends, not knowing that death was so imminent, received the intelligence as a sad shock. Early in life Mr. Eichel settled in Phoebus, where he was engaged in the mercantile and real estate business, and industry and honesty had accumulated quite a snug amount of worldly possessions. He was widely known throughout the length and breadth of the Peninsula for his pleasant manners and address, and the gold standard of respectability that was always extended at his home. The funeral exercises were held at his residence, in Phoebus, this morning at 10 o'clock, after which the internment was made in the family burying ground in Oakland Cemetery.

PETERSBURG.

GILLIGAN'S FATE—CHARITIES AND CORRECTIONS.

Petersburg, Va., Aug. 21.—Gilligan is ignorant of his final fate. The action of the court yesterday in his case has not been made known to him, and unless he hears of it by accident he will know nothing of it till the guards come to take him to the penitentiary.

NEW SOCIETY. Mr. Robert Gilligan has returned from a trip to the Southwestern State Hospital, where he attended a meeting of the superintendents and presidents of the State Hospitals held by direction of a statute. There were present, R. J. Preston, superintendent of the Southwestern; C. H. Blackford, superintendent of the Western, and W. F. Drewry, superintendent of the Central State Hospital. Judge S. Treadway, president of the Western; E. E. Boudin, president of the Southwestern, and Robert Gilligan, president of the Central. There were no representatives or commissioners from the Eastern Hospital. The Executive Committee of the Southwestern was also in attendance.

The meeting was organized with Judge Boudin, chairman, and Dr. W. F. Drewry, secretary. The meeting was interesting and steps were taken to secure uniform reports from the hospitals. Many matters of interest to hospital men were discussed.

After the meeting adjourned those who had attended the meeting, to be known as "The Virginia Society of Charities and Corrections." This society, if formed on the plans of the National Conference of Charities and Corrections, which has done so much to advance the cause of charity and philanthropy, and will doubtless be productive of much good in Virginia, which has been far behind the other States in these matters.

The names of twenty-four members were enrolled, and it is proposed that the membership shall extend to every county and city in the State.

Among the objects of the association is the joining together, by representation, of all charitable and philanthropic associations, hospitals, and charity schools in Virginia, and obtaining statistical tables of all such institutions; the promotion of the cause of charity and philanthropy, the visitation of jails, prisons, poorhouses, charity hos-

pitals and the alleviation of the sufferings of destitute generally.

A committee was appointed to obtain a charter, and another to solicit membership. The fee for membership is \$1.00, and is raised to be used in defraying expenses incident to the meetings. The officers of the society for the first year are: Judge James L. Treadway, of Pittsylvania, president; Robt. Gilligan, of Petersburg, president pro tem; and Dr. W. F. Drewry, of Petersburg, secretary and treasurer; with an executive committee of three members.

A DESTRUCTIVE STORM. A most destructive hailstorm passed over Brunswick county, in the neighborhood of the County Poorhouse, yesterday afternoon. Corn, tobacco and vegetation were terribly cut to pieces by the hail stones.

JUDGE RIELY'S SUCCESSOR.

HON. A. A. PHLEGAR, OF MONTGOMERY COUNTY.

(Special to Virginian-Pilot.) Richmond, Va., Aug. 21.—Governor Tyler will to-morrow tender the appointment to fill the vacancy on the Supreme Court bench, occasioned by the death of Judge Rely, to Hon. A. A. Phlegar, of Christiansburg.

Some of Mr. Phlegar's friends think there is some doubt as to his acceptance, and in this case the appointment will be most likely offered to Judge Whittle.

Shot Through the Heart.

(By Telegraph to Virginian-Pilot.)

Newport News, Va., Aug. 21.—William McCabe and William Beagall became involved in a quarrel in the latter's saloon to-day. The bar-keeper drew a revolver and fired at McCabe, wounding him in the chest. McCabe, a printer from Raleigh, N. C., who was an innocent bystander, received the bullet in his heart while endeavoring to get out of the way. Beagall is in jail.

MR. BRYAN SPEAKS TO REPUBLICANS.

A Strong Appeal From Democracy's Great Standard Bearer.

TRYING THE SAME DECEPTION

The Republican Party is Playing the Same Game It Did in 1896—The Delusion of International Bimetallism—The Republican Platform Denounces the Trusts and Republican Editors Defend Them—How the People of Porto Rico Were Treated—Forcible Annexation.

(By Telegraph to Virginian-Pilot.) Lincoln, Neb., Aug. 21.—Mr. Bryan addressed a large audience of Saunders county people at Wahoo, the county seat, to-day. The speech was an appeal to Republicans to vote the Democratic ticket. Giving his reasons for this appeal, Mr. Bryan said:

"I want to talk to you Republicans, believing that you are just as anxious to help your country and help your fellows by your vote as the Democrat, the Populist and the Silver Republican are."

"Now, if you were with us in 1896, there is no reason why you should be against us now, unless the new questions have changed your opinion on the old questions. But I do not believe you can find in this country any man who voted with us in 1896, and who understood the issues then before the country, who has changed his mind on the question of the gold standard."

"Let me give you a recent illustration. When Mr. McKinley sent his message to Congress, saying it was our plain duty to give free trade to Porto Rico, these Republicans walked on the streets and echoed 'plain duty.' Then something happened. Some power behind the throne began to work. This power was the recommendation of the Governor-General at Porto Rico; this power over-rode the chairman of the Committee on Ways and Means, and compelled him to bring in a bill directly the opposite of the bill he first introduced. He had been promising the President and made him sign the bill when he said it was our plain duty to do the opposite."

"Republicans are you willing to turn over on this question just because your party has done a thing that you know is not right?"

FORCIBLE ANNEXATION WRONG. "It is only a little more than two years ago that the President sent a message to Congress, in which he said that forcible annexation is contrary to our code of morality and criminal aggression, and yet to-day Republicans are asking you to support a thing that was denounced as criminal aggression and against our code of morality less than two years ago."

"I said that I had no fear that those who were with us in 1896 are against us now. I believe that many people who did not realize in '96 how the dollar was rising above the man in the consideration of the Government, and who did not realize then how organized and how powerful the Republican party was, are now realizing the same thing."

A VIRGINIA MARSHAL.

HIS MILEAGE ACCOUNT HAS BEEN DISALLOWED.

(By Telegraph to Virginian-Pilot.)

Washington, Aug. 21.—Comptroller Tracewell, of the Treasury Department, in disallowing the mileage account of a Virginia marshal insists that deputy marshals shall use the shortest practicable route in taking their prisoners to jail, and that there will be more people leave the Republican party because of its position on militarism and imperialism than have left it in one campaign before in all the history of the Republican party.

"The government cannot afford even indirectly to encourage by a show of force the resistance of its prisoners to the law, and it is the duty of the government to make arrests for violations of its laws make them and execute them and not violate its own laws as regards the mileage of its officers for fear of these outlaws."
